

The people of Ray and Clear Lake were greatly shocked on Monday afternoon when the news spread that Clayton Straw, the son of Mr. and Mrs. George Straw, had met with a serious accident while out hunting. In climbing over the fence, the gun was discharged, the shot passing through the left side, shattering the ribs and exposing the lungs. The lad stopped up the wound with his shirt and managed to get to his home. Several doctors were called and an operation was performed, removing a rib and binding a shattered rib together. Clayton is an exceptionally fine boy, a member of the Fremont high school and of the Ray Y. P. B. A host of friends are hoping for a speedy recovery.
